

**National Institute of Disaster Management
(Ministry of Home Affairs, New Delhi)**

Online Course on Disaster Risk Management

The National Institute of Disaster Management (NIDM), under the Ministry of Home Affairs, Government of India is offering online courses on Disaster Risk Management in collaboration with the World Bank (GFDRR), Washington. The aim of this Programme is to raise the level of Awareness and Preparedness as well as to enhance analytical skills and professional competencies of distant key stakeholders in different areas of Disaster Risk Management and Mitigation.

Why NIDM Online Courses?

- **Competency Enhancement**-Courses are designed specifically to enhance competencies of disaster management professionals, development practitioners and general public.
- **Convenient** - Beneficial for those who are not able to attend or does not have much time to attend face to face programmes.
- **Flexi-time & flexi-space** –Participants can access their course activities anytime anywhere supported by NIDM’s Technical and Academic team.
- **Completely Online** –Online Courses are free from any face to face interaction or appearance in the final examination. You won’t have to travel to NIDM campus.
- **Interactive** -The online Discussion Forum facilitate participants to share their views, experiences, documents, images and videos. We have an online course platform wherein you can interact with Task Manager, Facilitators and fellow participants. A dedicated team of facilitators and experts are always ready to solve your subject related queries.
- **Instant Notification** -Participants can receive Discussion Forum entries and other course related information in their personal e-mail accounts.
- **Free from Examination System**-The success in the course largely depends on certain parameters like completion of Personal Profiles, Country Profile, participation in the discussion forum, timely submission of Assignments and End of the Course Projects etc.

About Us

National Institute of Disaster Management (NIDM) The National Institute of Disaster Management (NIDM) is one of the pioneer institutes under the Ministry of Home Affairs, Govt. of India which has been mandated to promote capacity building interventions in Disaster Risk Management (DRM). Since its inception, the Institute has been proactive in raising the level of Awareness and Preparedness in dealing with disasters and emergency situations in the country, as well as making DRM education accessible to people across different level of stakeholders.	Global Facility for Disaster Reduction and Recovery Established in 2006, the Global Facility for Disaster Reduction and Recovery (GFDRR) is a partnership of 36 countries and 6 international organizations committed to helping developing countries reduce their vulnerability to natural hazards and adapt to climate change. The partnership’s mission is to mainstream disaster risk reduction (DRR) and climate change adaptation (CCA) in country development strategies by supporting a country-led and managed implementation of the Hyogo Framework for Action (HFA).
